

Provider Directory

April 2021

At NetCare Life & Health,

We believe it takes a three-way partnership between us, our participating providers, and our members, to make sure you receive the best health-care available. Choosing a medical provider is a personal decision, and we believe that choice is yours to make. This directory is designed to help you find a professional healthcare provider you can trust to meet your needs on a day to day basis.

Please be advised that Providers listed in this directory are subject to change without notice. Providers may enter or leave our network at any time. Before you visit a doctor be sure they are a current participating provider, and make sure they accept the plan or network noted on your NetCare member ID card. Our Customer Service Department is available to assist you.
